Specifying Natchez Crepe Myrtle

Specify Natchez Crepe Myrtle for a feature or specimen position, seasonal flowering, winter sun under a deciduous canopy and instant impact on a finished job.

Supplied as advanced container stock in 100 L and 200 L. Container sizes are the sizes listed. Tell us if the job needs a specific height and we will search it out in the rows.

Aspect: Full sun. Soil: Well drained. Water: Low to moderate. Coastal tolerance moderate, frost tolerance tolerant. Plant at 5-6m centres.

Stock is held for your job at no charge while the quote or tender is live, delivered on our own trucks, and photographed before it leaves the farm. If the project needs a larger size or a quantity beyond current stock, we grow it to order.

ON YOUR SCHEDULE
